COUNCIL MEMORANDUM NO. 93-46

From: Councilman Carney
Date: May 12, 1993
Subject: Nelson Avenue Paving

The Shadowood Paving L.I.D. will pave the east 1,000 feet of Nelson Avenue. Nelson has been on the City C.I.P. list since at least 1986 when it was identified as the second phase of downtown paving. The project has been supported by the Administration and Council in virtually every legislative grant request since then.

Now that the City has local general fund matching money available and has a good chance to receive state legislative funding, I ask that Council request the Administration to begin preliminary engineering work to pave Nelson Avenue from Graybark to Lucus Road, estimate costs and develop a funding plan including local improvement district assessments, City general fund contributions and state legislative grant funds.

Domonic Carney, Councilman
