COUNCIL MEMORANDUM NO. 93-65

DATE: July 21, 1993
FROM: Mary Ellen Emmons, Librarian
SUBJ: LIBRARY ROOF

As you are aware, the library roof is in need of extensive repair. Bill Harvey, Public Works Department, researched costs, and it is more cost-effective to replace all the shingles than to patch the problem areas. The estimated cost to replace the roof will be \$15,000.

I am requesting direction from Council on the funding for this project. Presently, the library is operating on a short-funded basis, until Council makes a decision on the contingency funds set aside for the library. The current operating funds do not include the \$15,000 for the roof. Do you wish to allocate the money from the contingency, or do you want me to further adjust our current operating funds?

Mary Ellen Emmons, Librarian
