### COUNCIL MEMORANDUM NO. 94-19

From: Mayor Stein  
Date: April 18, 1994  
Subject: Street Light Installation

The FY94 budget does not contain funds for street light installation. Council indicated that it wished to consider individual requests for lights.

The Lakeside Terrace Homeowners Association has requested installation of a total of four lights on Yakima and Peck Streets to serve their townhouse neighborhood. Mary Ann Urquhart on the architectural committee reports that 52 families reside in the condo development and would benefit from the street lights.

Administration respectfully requests allocation of \$7,000 from 411-2700 for installation of four street lights in the Lakeside Terrace neighborhood.

Attn: Mayor John Stein

This is a request from the Lakeside Terrace Home-owners Association to have street lights installed in our subdivision.

This is a very dark area and we have increased traffic since the paving of Lakeshore Drive.

The attached plat shows the desired location for the lights. We would be happy to discuss this with the City Engineer or whoever is in charge of lighting.

Thank you for your consideration.

Sincerely,

Mary Ann Urquhart
