As the City's road system has become increasingly improved and sophisticated, so too have the implications of road and public right-of-way maintenance considerations changed.

Museum
Ph: 373-9071
Fx: 373-9072

Over the years the City has not been overly concerned with violations of Chapter 14.08, Encroachments, as there apparently has not been a significant number of violations nor citizen complaints.

Planning

With increasing right-of-way improvements, development and population, we are now becoming somewhat concerned about numerous violations and enforcement of same.

Ph: 373-9077
Fx: 373-9051

To answer the questions of violation and address enforcement issues, we feel some additional, and more descriptive language needs to be added to the existing Code to reflect the changing times. Particularly within Section 14.08.010, Definitions (Please see Ordinance Serial No. 94-59 attached).
