### COUNCIL MEMORANDUM NO. 95-12

From: Mayor Stein  
Date: January 18, 1995  
Subject: Street Light Requests

Administration has received two additional requests for street lights:

- (1) Seward Meridian/Tamarack  
David Chappel  
Unlighted Intersection  
\$1,524
- (2) Melanie Lane/Recluse  
Vito Papasadora  
School Bus Stop  
\$1,524

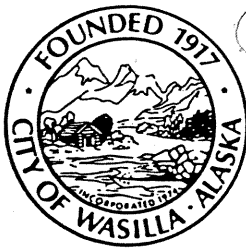

The current year budget has \$801.98 remaining.

Does Council wish to install these lights now or wait until the next fiscal year. If now, we respectfully ask for introduction of a \$3,048 funding ordinance.

---

John C. Stein, Mayor

**SUBJECT: Service application for two Street Lights  
MEA W/O 71029/1 and 71028/1**

Dear Mayor Stein

We are pleased to provide a cost estimate for your requested Street Light services. Listed below is the cost for each light location.

**1. Melanie Lane between Recluse and Success.**

MEA W/O 71029/1

Worked Required: Install 30 foot pole and 250W HPS light.

Because of the existing facilities and other utilities on MEA Pole W41-6N-23 this pole is not suitable for a light installation.

Estimated cost: \$1,524.00

Note: A permit to install light pole in road right of way will need to be obtained from MSB prior to construction. MEA will secure permit when notified to proceed with construction.

**2. Seward Meridian Road at Tamarack Drive.**

MEA W/O 71028/1

Worked Required: Install 30 foot pole and 250W HPS light.

Estimated cost: \$1,524.00

Note: A permit to install light pole in road right of way will need to be obtained from MSB prior to construction. MEA will secure permit when notified to proceed with construction.

Page 2

In addition to initial installation cost, a monthly energy usage charge of \$17.12 per light will be billed to the City of Wasilla.

This cost estimate is valid for a period of 30 days from the date which appears at the top of this letter. The estimate may need to be revised if the following items are not completed within this time frame:

- 1) payment of the \$1,524.00 advance, (Per Light)
- 2) your signature acknowledging the terms of this letter

Once you have completed the above items, MEA will pursue the needed permits. With permits in hand we anticipate that construction of the lights will be completed within thirty working days.

If you have any questions, please contact me at 892-7399.
