COUNCIL MEMORANDUM
No. 97-92

From: The Clerk's Office
Date: December 03, 1997
Subject: 1998 Liquor License Renewal Review

In accordance with Council Policy Statement No. 95-03, the Clerk's Office began its review of liquor establishments for renewal. AS 04.11.480 allows the local governing body to protest the continued operation of a license during the second year of the biannual license period. With this in mind, a report of the findings is attached of all establishments within the City limits of Wasilla.

Departments completed their review on November 28, 1997, and submitted their findings to the Clerk's Office. Letters have been sent to all establishments notifying them of any problems.

Follow up calls will be made as renewal applications are received by the City of Wasilla.

Recommend: A letter of non-objection be submitted to the ABC Board for establishments with no violations, and letters of objection be submitted to the ABC Board for establishments with violations, with a letter of withdrawal once violations are cleared.
