

SUBJECT: Future Water & Sewer Infrastructure Projects

PREPARED BY: Administration

DATE: January 5, 1998

FOR AGENDA OF: January 12, 1998

SUMMARY:

The Finance Department has requested council direction on the policy you wish to follow re: future water and sewer infrastructure projects.

Should these infrastructure projects (such as our KGB waterline) be constructed using a combination of loans and general funds, or do you wish to see these construction projects supported by system-wide utility rate increases?

We need to adopt a policy to provide clear guidance for funding the construction of Wasilla's needed utility expansions.

FISCAL IMPACT: No Yes, amount requested: \$ Fund:

RECOMMENDED ACTION: *Please discuss - my recommendation is to continue our infrastructure development agenda utilizing general funds.*
