

SUBJECT: Requesting utilization of funds to improve airport infrastructure

PREPARED BY: Public Works Department

DATE: March 13, 1998

FOR AGENDA OF: March 23, 1998

SUMMARY:

The Public Works Department requests \$12,000 to contract with MEA to extend an underground feeder cable (primary line extension) from the mainline along Aviation Avenue south to the NE corner of Lease Lot 3.

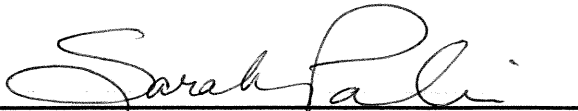

This will fulfill the City's commitment in the lease agreement to Service Oil and Gas to provide power to a transformer on the property. The Lessee will bear all costs of the service drop from the transformer. Service Oil and Gas is targeting June 1, 1998 for their Start-up.

Funding for 02.465.7063 was intended to provide for airport facilities infrastructure and attraction of lease holders. Airport Leases require individual sewer and water systems at this time. Service Oil and Gas is a key card operation and will not require either water or sewer on-site.

FISCAL IMPACT: No Yes, amount requested: \$12,000 Fund: 02.465.7063

RECOMMENDED ACTION:

Authorize use of funds from account 02.465.7063 for above improvements.
