RE: Lot 15 & 16 Block 5 Kennedy Addition Request for Temporary Joint
(water) Service Extension Agreement

Dear Councilmembers:

We are in the process of resolving a Code violation with regard to water service to our two (2) lots in Kennedy Subdivision.

We expect to have Lot 15 independent service line established on or before September 15, 1998.

Please grant us a temporary joint water service extension agreement. We understand water service to both properties may be discontinued if we do not resolve this matter by the September deadline.

Thank you.

Dated this 15 day of June

Robert Ameen
