

SUBJECT: Water Service to Meridian Center and Tony Chevrolet

REQUESTED BY: Public Works

PREPARED BY: Public Works

DATE:02/25/00

FOR AGENDA OF: March 13,2000

SUMMARY: The City extended the East Wasilla Water Main line to the Seward Meridian this past summer. During this process the property owners of Tony Chevrolet and Meridian Center approached the City concerning water service to their property. They were informed that Wasilla Municipal Code 5.10.050 B allowed for construction of water mains and water connections out side of the City limits and that they would have to pay the total cost of installation to serve these properties. These property owners paid for the main extension and service connection to serve their properties in the amount of \$86,136. The system installed meets City's standard specifications and code requirements.

The Public Works Department has prepared the water main extension and water connection agreements as required by Wasilla Municipal Code 5.10.190 A-D. An additional requirement of these agreements is the annexation of these properties into the City of Wasilla to which the owners have already submitted a request to the City.

FISCAL IMPACT: x No Yes, amount requested: \$ Fund:

RECOMMENDED ACTION:

Council is requested to accept the water main for maintenance as part of the City water system and authorize Administration to enter into an agreement with these property owners as stated in City code to provide City water service to them.
