

**SUBJECT: Septage Facility – Phase A
CH2MHill Engineering Services During Construction Contract**

PREPARED BY: Public Works

DATE: June 19, 2000

FOR AGENDA OF: June 26, 2000

SUMMARY: The CH2MHill contract for providing required engineering services during construction of the Septage Facility - Phase A requires Council approval.

DISCUSSION: CH2MHill has proposed a \$46,000 contract amount to provide required engineering services during construction. The proposal does not include any day-to-day inspection services (being performed by City inspector).

Engineering services to be provided include performing milestone engineering inspections, approval of contractor "submittals." (Contractor's proposals for using specific construction materials such as the pre-fab metal building selected by the contractor, corrosion protection manufacturer/quality, etc.), and providing miscellaneous technical support.

RECOMMENDED ACTION:

For Council to amend the CH2MHill design contract in the amount of \$46,000 for Services During Construction.
