

SUBJECT: Bid Award Recommendation – Liquid Waste Handling Truck

REQUESTED BY: Public Works

PREPARED BY: Public Works

DATE: June 28, 2000

FOR AGENDA OF: July 17, 2000

SUMMARY:

On June 21, 2000, bids were opened for the purchase of a new liquid waste handling truck for the Sewer Division. Based upon their low bid, it is recommended that Bob's Services, Inc. be awarded the contract for furnishing this equipment.

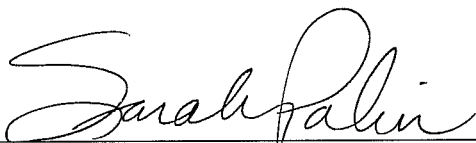

This truck will replace a 1984 model year truck that is experiencing more frequent breakdowns. Because of the critical role this truck plays in maintaining the individual holding tanks, it was determined that a new truck is needed to provide reliable service. This truck should have a service life of at least fifteen years if properly maintained.
