Reference: Position on the Airport Advisory Commission

I like to thank you for the opportunity to serve on the Airport Advisory Commission. As a private pilot and user of the Wasilla Airport, I believe I can provide pertinent information to use in planning the future development and use of the Wasilla airport.

I see tremendous opportunity at the airport that would benefit the city and current/future users of the Airport. I have some ideas on short and long term goals that can be accomplished without a great deal of expense to the City. Some of the goals would be to provide electric services to aircraft, winter ski strip, and gravel strip, as well as unpaved parking for the aircraft. The City would benefit by the income generated by the basic services through charging user fees. I offer to serve as conduit to the City by providing input from the many friends that currently utilize the available airport accommodations. In the past, I have provided proactive feedback to various City departments with an interest in the Airport.

A copy of the completed application and my Resume is attached.

Sincerely,

John L. Maketa

I am retired military and lived in Wasilla for over 20 years. I am a owner of a construction company, MAK-3 Construction Company, LLC.

Over my 28 years of active duty, I managed and responsible for multi-million dollars of equipment. After retiring in 1987, I worked as an Electrical Repairman for 6 years at Fort Richardson. I pursued various training, from working with logs in building to recreational dog mushing. However, my greatest passion is flying.

After retiring, I attended flight training through Elmendorf AERO Club, and obtain my private pilots license. I also received informal hands on maintenance training on Air Frame and Power Plant (A&P) from certified A&P.
