SUMMARY STATEMENT: This amendment adds to the City's road services contract for improvements to gravel roads prior to paving. This work is considered "capital improvements", which is work in addition to routine maintenance.

The work includes widening road surfaces, realigning roads within rights-of-way, adding culverts, digging-out unsuitable materials, and raising road grades where needed to improve drainage.

STAFF RECOMMENDED ACTION: Council is requested to approval the contract amendment for Big Dipper Construction in the amount of \$85,000 for gravel road preparation prior to paving.
