SUMMARY STATEMENT: The City advertised last year in the form of an RFP for an engineering term contract to oversee the City's strip paving projects. No responses were received from that advertisement. The City then solicited USKH directly for a term contract not to exceed \$30,000 to oversee the strip paving that occurred last year. USKH managed the paving contract that came in on time and on budget. USKH was very responsive and they provided services on an "as needed" basis, which helped kept their fees to a minimum. Public Works is seeking approval to extend the USKH term contract for another year.

STAFF RECOMMENDED ACTION: Council is requested to authorize the contract amendment to USKH in the amount of \$45,000 for 2006 strip paving engineering services.
