RE: Animal Control Contract

Council requested information regarding the method used to determine the amount the Borough charges the City for animal control.

The attached letter shows that the fee is based on a per-capita amount. In 1987 the contract amount was reduced to \$34,168 and has remained the same since then.

Re: Estimated Animal Control Services Cost for FY'86
City of Wasilla FY'86 Budget

Dear Ann:

Based on the Borough's estimated FY'86 budget for animal control services, it is recommended that the City budget \$34,950.

The amount was arrived at by dividing our proposed FY'86 animal control budget (\$301,330) by the total Borough population outside the Cities of Houston and Palmer (30,591) for a per capita amount of \$9.85. The per capita (\$9.85) was multiplied by the population of Wasilla (3,548) for a total of \$34,950.

If you have any questions or require more information, please feel free to contact me.

Sincerely,

Gerald A. Pineau
Administrative Officer
