INFORMATION MEMORANDUM NO. 91-08

TO: Council
FROM: Mayor Stein
DATE: May 8, 1991
RE: FY92 Budget - Vehicle Replacement Fund #4, (Pages I 3,4)

There appears to be some resistance to the administration's proposal to purchase a van.

The Council has expressed its support for the programmed purchase and replacement of vehicles. It is a good system because it avoids high "shock" budget requests and it assures that the City has good, serviceable equipment.

It has been suggested that the specific vehicle purchase not be debated during the budget process. Approval of the specific vehicle type and specifications can reasonably be deferred until the Council is asked to approve the request for bids. Administration will propose several choices for the Council to consider.

John C. Stein, Mayor
