INFORMATION MEMORANDUM NO. 94-26

From: Mayor Stein
Date: June 27, 1994
Subject: Improved ISO Fire Rating

I have received notice that Insurance Services Organization has changed the fire protection class for Wasilla from ISO Class 6 to ISO Class 4. The survey of the water system and fire service was conducted last summer. The change in classification will result in cost savings for owners insured through companies using ISO premium calculations. The re-survey was initiated by Wasilla-Lakes Fire Service Area, Jack Krill, Chief.

Commendations are hereby given to the Wasilla Public Works Department, Robert E. Harris (Director, retired); Lee A. Wyatt, Director; William W. Harvey, Deputy Director; Doug Abbas, Water Operator; Larry Bridge, Utility Operator for their superior performance in achieving a 34.09% of 40% possible ISO water supply grading.

Commendations are given as well to the City engineers who designed the original and subsequent modifications of the system, R & M Consultants and Gilfilian Engineering.

Recognition is further given to the Council members who authorized Wasilla's two major water construction projects: Iditarod wells and reservoirs - 1982, Mayor Pat Hjellen; Council members Harold Newcomb, Darrell Welsh, Bob Lucus, Charles Bumpus, Patty Davidson and Dorothy Page. Spruce well and reservoir - 1986, Mayor Charles Bumpus, Council members Darrell Welsh, Colleen Cottle, Pat Hjellen, Don Patterson, Willet Bushnell, Nick Carney, Dorothy Page, Michael Kemp and Pat Carter.

John C. Stein, Mayor

cc: Jack Krill, Chief
Don Moore, Borough Manager
