SUBJECT: GLENWOOD AVENUE - STATE MUNICIPAL CAPITAL PROJECT MATCHING GRANT PROGRAM

The City has once again received the State's FY96 application packet for participation in the Municipal Capital Project Matching Grant Program.

Previously, the City has prioritized and identified Glenwood Avenue as a paving (Capital Improvement) project. In last year's State FY95 Capital Project Matching Grant Program application the City requested \$320,000 (with a promise of budgeting \$80,000 as City match) for this estimated \$400,000 paving project.

The City received \$165,435 of the \$320,000 requested and appropriated \$41,531 as its 20% matching share for a total of \$206,966. This left approximately a \$200,000 shortfall (please see Ordinance Serial No. 94-37 attached).

In order to properly fund and continue the Glenwood paving project the City should request an additional \$160,000 from the State's grant program and should budget an additional 20% or \$40,000 in its FY96 CIP budget.

Recommendation: (1) Council approval of the attached Resolution No. 94-70 designating the continuing prioritization of the Glenwood Avenue paving project as it's number 1 Capital Project.

Recommendation: (2) Council approval for Administration to pursue submittal of the application to the State's Municipal Capital Project Matching Grant Program for the additional funding for the paving of Glenwood Avenue.

Recommendation: (3) Council approval for Administration to retain the services of a professional engineer to begin design and construction plans and specs for the reconstruction and paving of Glenwood Avenue.
