### INFORMATION MEMORANDUM NO. 95-31

Date: July 19, 1995

From: Duane Dvorak, City Planner 

Subject: Nominations to the Mat-Su Borough FY96 Capital Improvements Projects Priority List.

#### BACKGROUND

The Wasilla Planning Commission adopted a resolution at the July 18, 1995 regular meeting establishing a Capital Improvements Program priority list for submission to the Mat-Su Borough. Projects nominated by the Commission are ranked for inclusion in the Borough's six (6) year CIP planning process. Planning Commission Resolution No. 95-14, was adopted as the result of three (3) public worksessions to nominate and rank projects relevant to the Greater Wasilla area.

The Borough would like to get the final list from the City by August 7, 1995. In addition, the Borough process encourages contributing boards and councils to hold a public hearing before adopting the official CIP list. Due to advertising requirements, the earliest that a public hearing can be held is August 14, 1995. Staff is copying this information to the Council now so that the Council will have the greatest amount of time to review the list prior to the public hearing. It is expected that action to approve an official list will be taken after the public hearing in order to try and meet the requirements of the Borough CIP process.

If there are any questions about the methodology, used by the Planning Commission to nominate and rank these projects, please contact the Planning Office staff at 373-9094. The Borough CIP file is also available for review by any interested person.
