### INFORMATION MEMORANDUM NO. 96-16

From: Mayor Stein  
Date: May 31, 1996  
Subject: Lots 14, 19, 20 and 21 - Wasilla Airport Heights

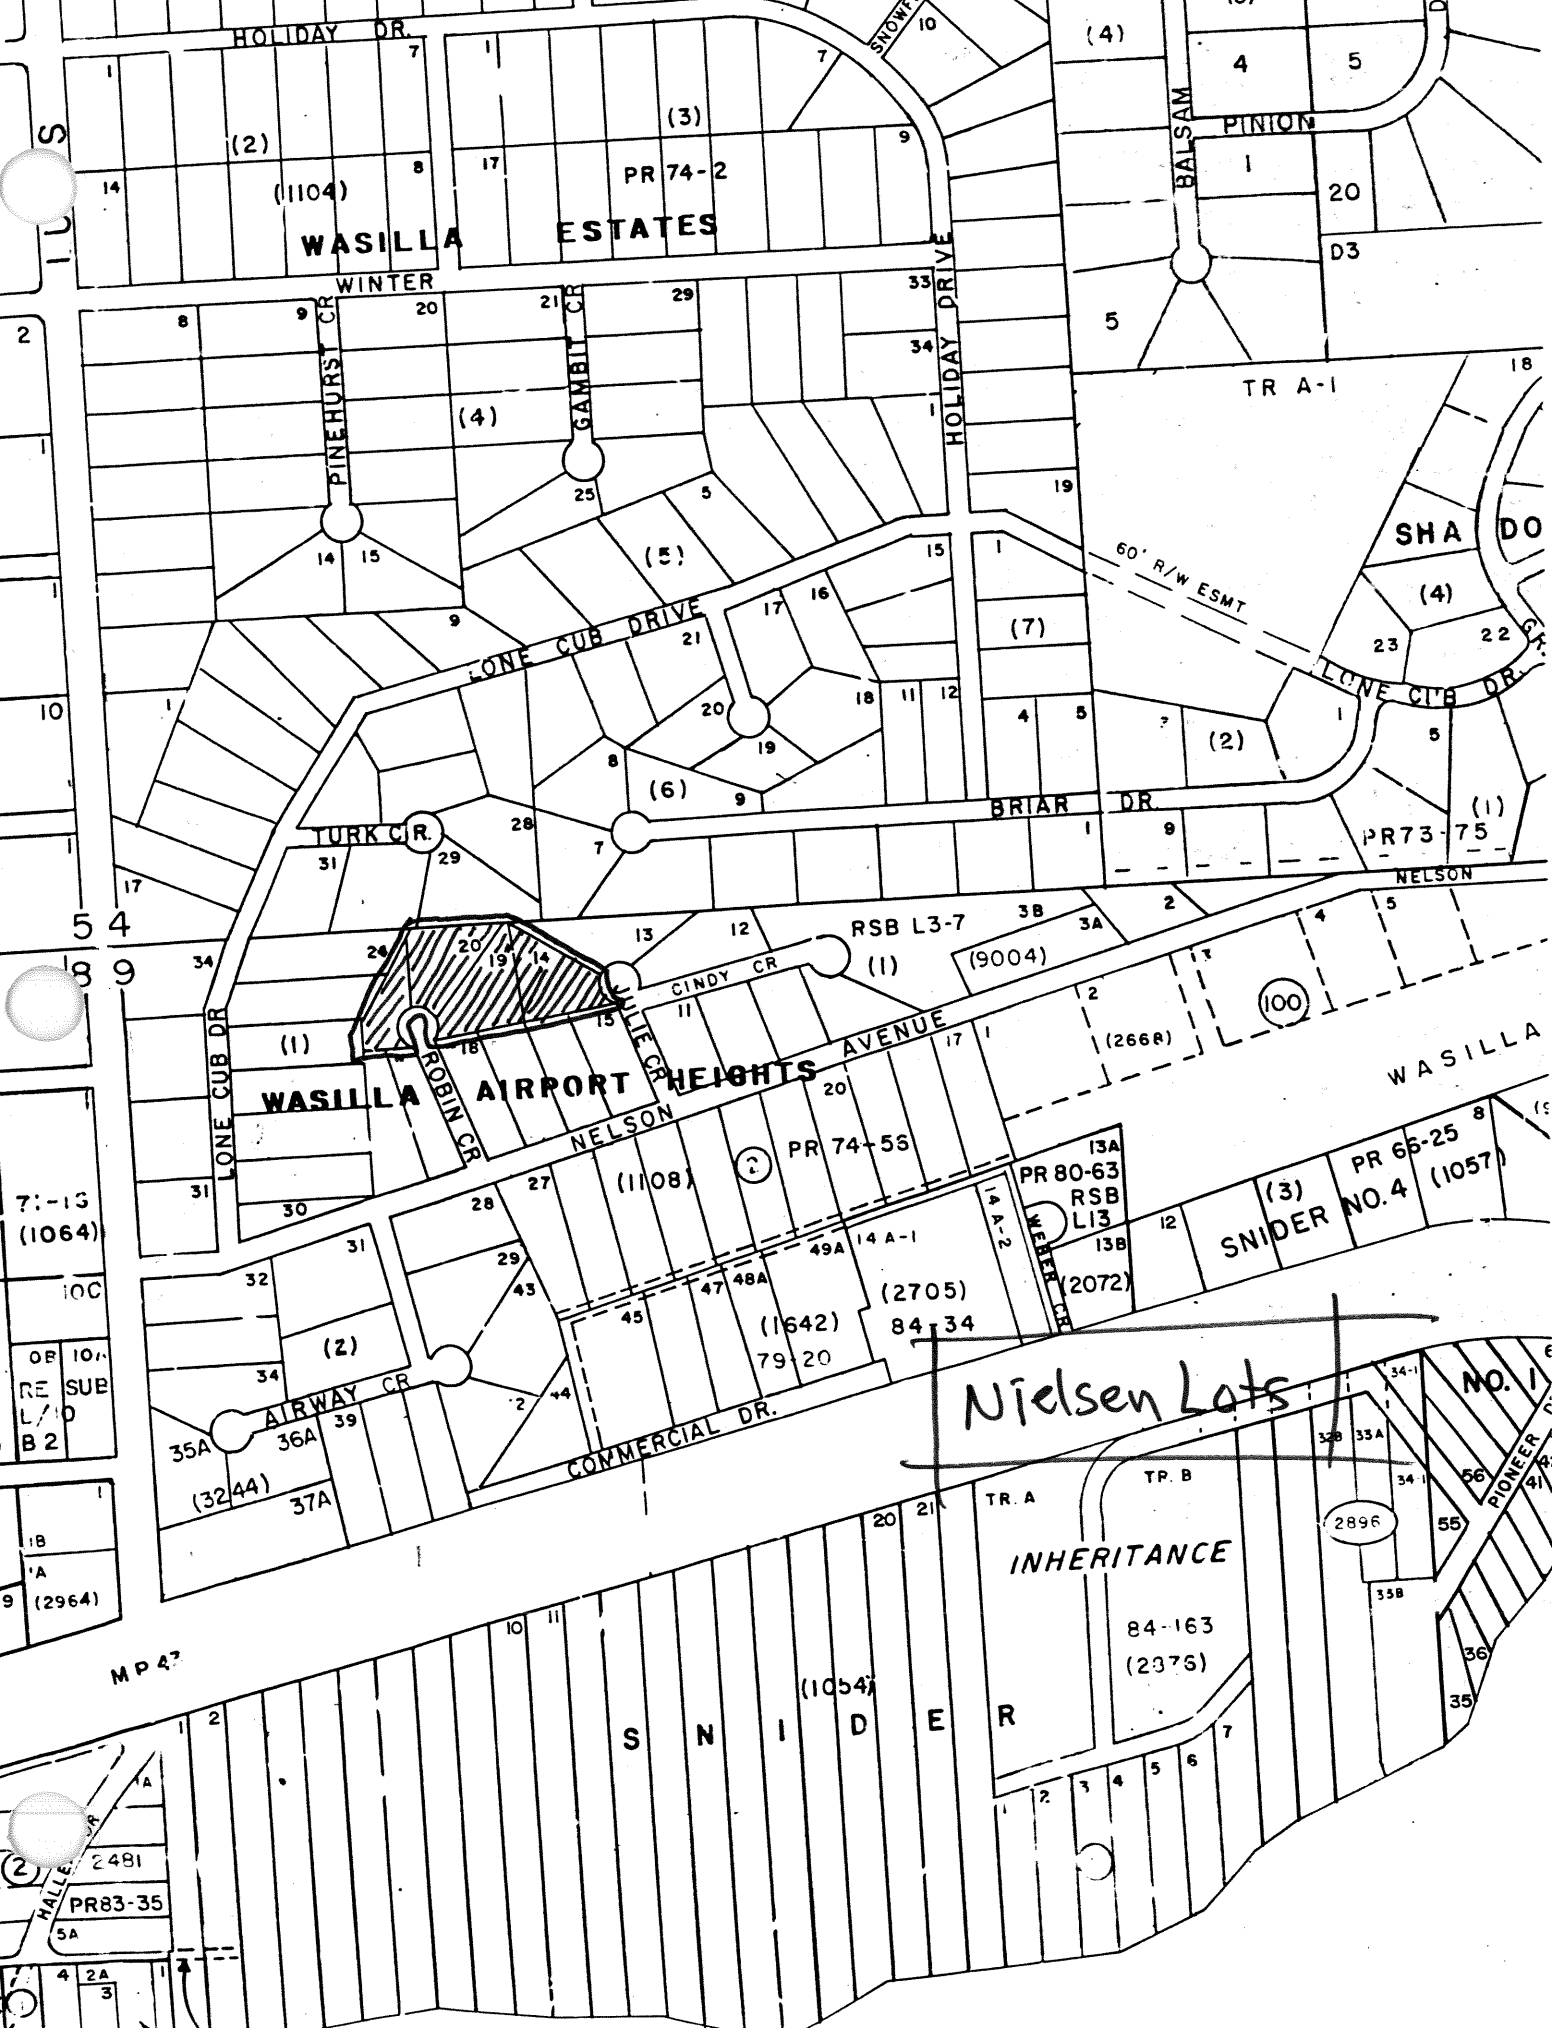

Mr. and Mrs. Ted Nielson contacted us about the possibility of purchasing Lots 14, 19, 20 and 21 of Wasilla Airport Heights for the cost of the Nelson Avenue road paving assessments. Those assessments are about \$3,000 for each lot or \$12,000 total for the four.

The property was used to receive waste soil material and vegetation from various projects in the 1980's and may not be suitable for building foundations. Fill depths may be as deep as 50 feet.

Public Works and Museum and Recreational Services are investigating the site for possible public uses including green belt, snow storage and source of topsoil.

The Nielsens will be in Wasilla until Friday, May 31 and can be reached through their daughter, Phyllis Bosch, 376-8412.

John C. Stein, Mayor
