

WASILLA CITY COUNCIL INFORMATION MEMORANDUM

*Presented with Ord 99-10
2/22/99
K. VanGorder*
IM No. 99-19

SUBJECT: PHONE AND VOICE MAIL UPGRADE

REQUESTED BY: Ted Leonard and Kristie VanGorder

PREPARED BY: Deputy Clerk *JW*

DATE: January 29, 1999

FOR AGENDA OF: February 8, 1999

SUMMARY:

In December you appropriated \$6,505 to the building modification account for the purpose of upgrading our existing telephone system. The upgrade included increased telephone lines and modifying the equipment to ensure that the system would be Y2K compliant.

Over the past few weeks, we have been in contact with our telephone system service provider and it has been brought to our attention that the original quote they provided to us regarding the "Y2K issue" only included the phone system lines and not the voice mail system.

In light of the new information, the proposed ordinance is presented for your consideration. The funds will provide for an upgrade to the entire telephone system, which includes additional telephone lines, and the voice mail system, reprogramming, training and installation of equipment.

FISCAL IMPACT: No X Yes, amount requested: \$12,545 from the General Fund to the CIP fund for building modification.
