SUMMARY STATEMENT:

Originally, I had planned to discuss the matter of laptop computers during our FY-07 budget preparation meeting in January. However, recently several Council Members have approached me with different ideas about the use and purchase of laptop computers for City Council Members. I have scheduled this topic for discussion purposes only and feel it would be best for the entire City Council to share ideas in a public forum.

This discussion is scheduled at the November 28, 2005, Regular City Council meeting under New Business, Committee of the Whole.
