**SUBJECT: MUNICIPAL POWERS, FACILITIES AND SERVICES CODE REVISION**

REQUESTED BY: K. Jacobus, City Attorney *KJG*

PREPARED BY: K. VanGorder, City Clerk *KV*

DATE: February 4, 2000

FOR AGENDA OF: February 14, 2000

**SUMMARY:**

WMC 1.08.050 has been revised to be consistent with Title 29, and to reflect the powers that the city is now or will be exercising. As the city develops, this code section may be amended if additional powers and facilities need be listed.

The powers which are not exercised by the city, or which are not applicable to the city, have been deleted. For example, telephone, electricity, and solid waste and garbage collection are not being done by the city. The city does not have a consumer protection department. Wharves, docks and cold storage facilities apply to an ocean port city with a fishing industry.

This ordinance is being revised as part of the re-codification process, which is now in process.
