SUBJECT: Purchase Rubber Tire Loader/Backhoe

REQUESTED BY: Public Works

PREPARED BY: Public Works

DATE: October 2, 2000

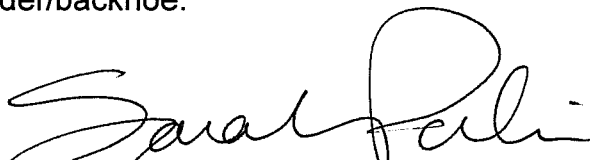

FOR AGENDA OF: October 9, 2000

SUMMARY:

The current backhoe was manufactured in 1980 and purchased used by the city in 1987 with 1120 hours on it. This machine is 20 years old and is presenting safety issues and problems in its daily operations that have not been corrected through various repair procedures over the years. It is not safe to work around this equipment with ground personnel. The city has inquired about used equipment and has found none that would be a better investment than a new machine in comparing costs.
