ORDINANCE SERIAL NO. 01-26**

AN ORDINANCE OF THE CITY OF WASILLA, ALASKA, AMENDING THE OFFICIAL ZONING MAP OF WASILLA IN ACCORDANCE WITH WMC 16.16.070 (REZONING) OF THE WASILLA DEVELOPMENT CODE, TO REZONE PJC SUBDIVISION WITH ENCLAVE PARCEL C11 FROM RR—RURAL RESIDENTIAL TO RM—RESIDENTIAL MULTI-FAMILY.

---

BE IT ENACTED BY THE CITY OF WASILLA, ALASKA:

**Section 1. Classification.** This is a non-code ordinance.

**Section 2. Purpose.** To amend the Official Zoning Map of Wasilla by rezoning Lot 1 and Tract A, PJC Subdivision as described on Plat No. 82-163 and enclave parcel described in the following: BEGINNING at the center quarter corner of said Section 3, THENCE West along the quarter section line a distance of 311.0 feet; Thence South a distance of 270.00 feet to the TRUE POINT OF BEGINNING: THENCE South a distance of 210.00 feet THENCE West a distance of 190.00 feet THENCE North a distance of 210.00 feet; THENCE East a distance of 180.00 feet to the Point of BEGINNING, situated in the State of Alaska, Palmer Recording District, Third Judicial District (Enclave Parcel), from RR—Rural Residential to RM—Residential Multi-family.

**Section 3. Enactment.** The Official Zoning Map, adopted August 12, 1996, is hereby amended to rezone Lot 1 and Tract A PJC Subdivision and Enclave Parcel from RR—Rural Residential to RM—Residential Multi-family with the following conditions:

1. The property owner shall conform to all requirements pursuant to Wasilla Municipal Code 16.16.050 General Approval criteria and 16.16.070 Rezoning;

2. The property owner shall obtain a land use permit for subdivision from the Wasilla Planning Office;
3. The property owner shall be aware that the maximum number of dwelling units will be contingent upon the traffic capacity of Carpenter Circle and/or what is allowed by Alaska Department of Transportation and Public Facilities; and
4. The property owner shall replat the property to create parcel(s) with a minimum of 200 feet in depth along the entire southern boundary line, which will remain RR--Rural Residential. The rezone will not be effective until a subdivision is completed and recognized by the Matanuska-Susitna Borough Platting Board.

**Section 4. Effective date.** This ordinance shall take effect upon adoption by the Wasilla City Council.

ADOPTED by the Wasilla City Council on May 14, 2001.

**SUBJECT: Rezone for Lot 1, Tract A, PJC Subdivision and Enclave Parcel (see Ordinance 01-26 for comprehensive description.)**

REQUESTED BY: Wasilla Planning Commission

PREPARED BY: Planning Staff

DATE: April 16, 2001

FOR AGENDA OF: April 23, 2001

**SUMMARY:**

A request to rezone land from RR - Rural Residential to RM – Residential Multi-family was investigated by the City Planner and reviewed by the Wasilla Planning Commission (WPC) at a public meeting held a public hearing on April 10, 2001. There were 51 public hearing notices mailed to surrounding property owners within 1200 radial feet of the designated property boundary prior to the hearing.

The WPC deliberated on this request, taking into account the recommendation of the staff, the public testimony - both written and verbal comments, the applicable provisions of the 1996 Wasilla Comprehensive Plan and other pertinent codes and information.

The decision on WPC Resolution No. 01-08, recommending to the Wasilla City Council, a rezone of Lot 1 and Tract A or PJC Subdivision and Enclave Parcel from RR—Rural Residential to RM Residential Multi-family was favored by six (6) out of seven (7) Wasilla Planning Commissioners.

The Wasilla City Council acknowledges the following finding of facts:

1. The combination of lots 1 and Tract A, PJC Subdivision and Enclave Parcel are in excess of the two-acre minimum area requirement for a rezone.
2. The uses permitted in the RM—Residential Multi-family zoning district, are compatible with the historical and present day uses of many neighboring parcels. The former I—Intermediate development district allowed a wide range of multi-family uses prior to the general community wide rezone that occurred on August 12, 1996.
3. No nonconforming uses or structures will be created by the proposed change in zoning districts.

Presented with: Ord 01-26  
Date: 5/14/01 Verified by: [Signature]

4. The zoning proposed for the subdivision is consistent with the designation of the area for generally residential development pursuant to the 1996 Wasilla Comprehensive Plan.
5. An increase in traffic is not anticipated from the approval of this rezone request.
6. The majority of existing RM--Residential Multi-family zoning districts are already developed and there is a need for more RM—Residential Multi-family zoning districts.
7. Lot 1 and Tract A, PJC Subdivision and Enclave Parcel is suited for multi-family residential development because it adjoins commercially zoned property.
8. Lot 1 and Tract A, PJC Subdivision and Enclave Parcel meet with the criteria in Wasilla Municipal Code 16.16. 050 (3) adequate services.

NOW, THEREFORE, BE IT RESOLVED, that the Wasilla Planning Commission of the City of Wasilla, hereby recommends to the Wasilla City Council, a rezone of Tract A and Lot 1, PJC Subdivision and Tax Parcel Number 17N01W03C011 from RR--Rural Residential to RM--Residential Multi-family with the following conditions:

The property owner shall:

1. conform to all requirements pursuant to WMC 16.16.050 General approval criteria and 16.16.070 Rezoning; and,
2. obtain a land use permit for subdivision the Wasilla Planning Office; and,
3. be aware that the maximum number of dwelling units will be contingent upon the traffic capacity of Carpenter Drive and/or what is allowed by Alaska Department of Transportation and Public Facilities (ADOT/PF), onto Wasilla Fishhook Road; and,
4. replat the property to create parcels a minimum of 200 feet in depth along the entire southern boundary line, which will remain RR--Rural Residential. This rezone will not be effective until this platting action is completed and recognized by the Matanuska-Susitna Borough Platting Board.

BE IT FURTHER RESOLVED, should the Wasilla City Council support this rezone the WPC requests that the ordinance include an eighteen (18) month superannuated date from adoption.

I certify that a resolution in substantially the above form was passed by a majority of those voting at a duly called and conducted meeting of the Wasilla Planning Commission this 10th day of April 2001.

Permit approvals are valid only during developers compliance with Title 16.04 of the Wasilla Development Code and the terms and conditions of approval.

This permit will expire automatically twelve months after issuance if no significant construction, activity, or occupancy has commenced.

This use permit does not relieve the applicant from the responsibility for compliance with any other required local, state or federal review of permits for the proposed project. The developer should be aware of the following advisory information provided by the Mat-Su Borough (MSB) Code Compliance division:

- a. The project or action must comply with all rules applicable to special land use districts or geographic areas affected, including but not limited to, MSB Titles 15, 16 and 17.
- b. The project or action must comply with rules applicable to the affected uses, activities, habitats and resources, including but not limited to, the requirements of the Alaska Department of Natural Resources, Department of Environmental Conservation, Department of Fish and Game, US Army Corps of Engineers and the US Environmental Protection Agency.

The applicant is advised to check with the MSB Code Compliance Division (907) 745-9861, to determine if the development is within a federally designated Flood Hazard Area. A separate permit is required in all areas designated as Zone A.

A grievous person, including the developer, may file an appeal of the Planner's decision on any permit with the Planning Commission. The appeal must be filed within five (5) working days of the decision in writing with a clear description of the appealed action(s) and a \$100 filing fee.

**Applicant Certification:**

Attention: Tim Krug, City Planner

Subject: Request for Rezoning of : Tract A PJC Subdivision (17N01W03)  
Lot 1 PJC Subdivision (17NO1WO3)

This is to request rezoning of Tract A and Lot 1 PJC Subdivision from Rural Residential to Multifamily Residential. I have previously submitted a check in the amount of \$500 ( # 2408) to start this process.

Tract A consists of approximately 14 acres of land which is currently mostly undeveloped and consists of a former gravel pit.

This proposed rezoning would not change the character or substantially alter the nature of the neighborhood. The area is well suited for multifamily development because of the excellent access to schools and shopping centers. I presently have a triplex and one home on this property. I also have a triplex on Lot 1 PJC which fronts on Fishhook Road. Tract A also fronts on both Carpenter Circle and Fishhook Road.

The property adjoining the North property line has at least one commercial building under construction.

I look forward to meeting with the planning department and the City Council on this request.

Sincerely,

  
Patrick J. Carney  
Owner

**Criteria in support of request for rezoning**

1. The proposed rezoning request complies with section 16.16.050
2. The proposed rezoning is in an area with adequate services including electricity, natural gas, city water, good drainage. It is close to both police protection and fire service.
3. A review of the enclosed map of the City Of Wasilla Comprehensive Plan clearly indicates that the surrounding property is designated generally residential. The rezoning is in conformance with the city comprehensive plan, and will allow the owner to erect facilities to meet a need for affordable family housing in the city.
4. The area is well situated for multi-family facilities. It is very close to three schools, within walking distance of major shopping facilities including the post office, and is surrounded by residential neighborhoods.
5. There is a demonstrated need for additional areas designated multi-family because the majority of all land within the City that is presently zoned Multi-Family Residential is occupied with structures. Rezoning this property Multi-Family Residential will allow opportunities to construct needed multi-family units in our community.
6. The rezoning will not cause a problem with significant traffic increases. Most of the construction will occur on the north end of the property, with access from Fishhook Rd. The lots along Carpenter Circle will be used ONLY for single family dwellings.

Sincerely,

This letter is to request rezoning of Tract A and Lot #1 PJC Subdivision from Rural Residential to Multifamily Residential. Enclosed is a check ( # 2408) to start this process.

Tract A which consists of approximately 14 acres of land is currently mostly undeveloped and consists of a former gravel pit, and as such is a problem with teenagers and snowmachines " No trespassing " signs are not effective.

This proposed rezoning would not change the character or substantially alter the nature of the neighborhood . The area is well suited for multifamily development because of the excellent access to schools and shopping centers. I presently have a triplex and one home on this property. I also have a triplex on Lot 1 PJC which fronts on Fishhook Road . Tract A also fronts on both Carpenter Circle and the Fishhook Rd which is a heavily traveled main arterial.

The property adjoining the North property line has at least one commercial building under construction.

I look forward to meeting with the planning department, and the City Council on this request.

Attention: Planning Commission  
Subject: Wasilla Planning Commission Resolution No. 01-08  
Rezoning of Tract A PJC Subdivision (17N01W03)  
Lot 1 PJC Subdivision (17N01W03)

Iditaway Park subdivision residents wish to retain values of their, forested, single family residential properties. This can best be achieved by rezoning properties adjacent to Carpenter Circle on the North side to single family. Mr. Carney has stated he intends that single family residences to be built on his property adjoining Carpenter Circle. However, in the event a contractor purchases any of the properties zoned Rural Residential, then the potential exists for other than single family houses to be constructed. Please consider Iditaway Park home owner's viewpoints to limit new construction adjacent to the road.

Home owners at Iditaway Park expressed concern that our culdesac remain so. Mr. Carney's preliminary sketch depicts a spur road midway on his property (60 foot right-of-way). This would render our road a potential highway and residents worry that the risk for increasing vandalism would result. Home owners also desire that the City of Wasilla join with the Borough and School District officials and the Matanuska Electric Association to effectively prevent illegal ORV, motocross, snowmachine and motor vehicle traffic from negotiating access roads and power line right-of-ways, Borough/School District and private property. This would measurably be achieved by installing highway type baracades at specific locations at the end of Carpenter Circle and installing a gated access to the City water tower access at a new location at the terminus of the culdesac.

Iditaway Park residents appreciate the beauty and functional benefits of the forested areas adjoining the subdivision. Buffer strips of trees and shrubs bordering Carpenter Circle measurably reduce blowing snow, dust and sand from exposed soils and sands on Mr. Carney's land. Currently an approximately 30 foot buffer strip adjoins Carpenter Circle on the border of the road and on Mr. Carney's land. The recently thinned forest on Borough/Wasilla High School property serves a similar function, although less effective as a sound/wind barrier, since firewood removal by volunteers and Borough funded road building and clearing have occurred. The planning commission is urged to retain present vegetative strips along the culdesac and support retention of forested areas on High School Properties. I would also support establishing a forest buffer on the East side of Mr. Carney's land. This may require low fencing to prevent destruction of natural vegetation, or log barriers. I do not support the use of derelict cars for this purpose.

To retain or improve the amenities and property values of the Carpenter Circle neighborhood the Wasilla Planning Commission is urged to consider the recommendations summarized as follows:

1. Rezone properties to the North of Carpenter Circle Single Family.
2. Retain Carpenter Circle as a culdesac (not a through road).
3. Retain shrub/forest buffer strips adjacent to Carpenter Circle.
4. Establish effective barriers and gated access to the City water reservoir (Tank) to prevent ORV and other unauthorized motor vehicle access beyond the platted turn around at the end of Carpenter Circle.
5. Establish a forested buffer on the east side of Mr. Carney's property and adjacent the access road to the water tank.
6. Negotiate an agreement with Mr. Carney to facilitate the drainage of the City water tank by pipeline to the depression on Tract A. Recommend this area be left to vegetate naturally as is the current situation.

Residents of Iditaway Park have been contacted personally by Mr. Carney and we appreciate the notification of his intent to rezone and subdivide his land. It is clear to me that home owners on Carpenter Circle take a keen interest in what happens to the neighborhood. In that regard, please feel free to contact residents as plans are refined to rezone and subdivide lands next to our community.

Sincerely yours,

Garvan Bucaria

Dear sirs,

3/17/01

Reference case no.: R01-11 Request for rezone

Please be advised that ~~we object to the rezoning~~ of this property. The area in question is close to a school and we feel that it is a poor idea to saturate areas close to schools with multi-family housing. With as many children gathered together in on spot for classes and sports activities crowding in multi-family housing will degrade the neighborhood.

Further, the Indian Hills, Spirit Ridge, GGL I and GGL IV subdivisions already contain more than enough multi-family housing units. We have so much land in the Valley that we see no reason to create a ghetto situation by further crowding. Too many four-plexes and six-plexes degrade a neighborhood. Lets spread the multi-family housing units out a bit and make everyone more comfortable.

The existing zoning is proper and acceptable. Small affordable homes such as are being built on lots 3,4, and 5 of Baker's Acres and Indian Hills, lot 2 or 3 which also adjoin the school are more in keeping with prudent planning.

Those are our opinions.

Respectfully,

Jack A. Diebag

### Questions & Comments:

We misunderstood Mr. Carney's intentions and wish to withdraw our endorsement of any petition he brings forward bearing our signatures concerning three lots identified as Tract A and Lot 1 PJC Subdivision and Tax ID # 17N01W01C011.

We strongly believe that rezoning to multi-family will have the effect of devaluing our property. We want to maintain an area that is single family dwellings.

Questions & Comments:

IF MR. CARNEY ONLY BUILDS SINGLE FAMILY HOUSES  
ON HIS PROPOSED PLAT PLAN, ON THE 4 LOTS BORDERING  
E. CARPENTER CIRCLE, WE HAVE NO PROBLEM WITH HIS  
REQUEST FOR REZONE. THE HOMES WOULD BETTER MATCH  
THE EXISTING HOMES PRESENT ON THE STREET IF THEY ARE  
SINGLE FAMILY. IF NECESSARY THE 4 LOTS IN QUESTION  
COULD BE ZONED FOR SINGLE-FAMILY AND REMAINDER MULTI-  
FAMILY.

Questions & Comments: THE ZONING SHOULD NOT BE  
CHANGED. A CHANGE WOULD RAISE THE  
DENSITY AND LOSE A VERY NICE  
GREENBELT THAT EXISTS NOW

Questions & Comments: I believe my husband and I were misdirected on the rezoning. We were told it would only be single-family homes built. I asked the specific question "will it be multi-family - He said - No. I went ahead and signed his petition on the basis of it being a single family house being built. I hereby protest the zone change to multi family residential. THE designed he showed us was for four houses. 3 lots with one house each. Multi family zone will cause great financial harm to the homes on Carpenter Circle. We will be at the meeting.
