SUMMARY STATEMENT: This ordinance appropriates the balance of grant funds available to complete engineering of the next apron expansion. The original design scope was scaled back due to limited construction funding in 2007. FAA has indicated up to \$3 million in construction funding will be available in 2008 to continue expansion of the apron for additional aircraft tie-down spaces and lease lots. This ordinance will fully fund the Apron Phase 1C design contract to allow another apron expansion to occur next year.

RECOMMENDED ACTION: To adopt Ordinance Serial No. 07-65 that amends the FY08 budget by appropriating \$9,000 for Wasilla Airport Apron Phase 1C Engineering Design.
