WHEREAS, positions #606 and #607 of the Parks Division of Museum and Recreational Services are currently six month seasonal positions; and

WHEREAS, these two positions need to be extended to nine month seasonal positions because of the need to address deferred maintenance concerns and also allow time for planning projects for the next parks and recreation season; and

WHEREAS, the extension of these two positions will benefit the community by allowing for winter time activities and amenities; and

WHEREAS, it is the City's intent to pursue a stronger effort toward parks and recreation activities; and

WHEREAS, the funds for these positions are in the budget due to reprioritization of the dollars already available and no additional funds are being requested for this purpose.
