SUBJECT: Council Resolution 00-05 to Transfer Road Bond Funds

PREPARED BY: Public Works

DATE: January 17, 2000

FOR AGENDA OF: January 24, 2000

SUMMARY:

Additional funds are needed to conduct surveying and preliminary engineering for three proposed street improvement LIDs.

BACKGROUND:

Some property owners within the City have expressed an interest in forming street improvement LIDs. According to the City Code, an engineering feasibility report is needed. That report is used by the Council to determine the project costs and each property assessment, which is specified in the property owners' ballots.

The administration has identified areas of high interest where the property owners will likely approve LID formation. A cost estimate to conduct the surveying and preliminary engineering has been obtained and funding is needed.

Council Action Memorandum 00-06 discusses the engineering contract.

RECOMMENDED ACTION: ~~The administration is requesting for Council to approved~~ Council Resolution No. 00-05. I recommend that the Council approve the resolution.
