**SUMMARY:** The administration is seeking financial assistance from the Alaska Department of Environmental Conservation to design water and sewer main extensions for South Mack Drive, in the amount of \$100,000. The City's current loan agreements with ADEC are in the amounts of \$905,000 for water main extensions and \$580,000 for sewer main extensions. However, the sewer main loan agreement amount will not be fully used and the unused portion will offset the new amount (\$100,000) for South Mack Drive. The new loan applications will not increase the water and sewer utility debt.

**RECOMMENDED ACTION:** Council is requested to approve Resolutions Serial No. 02-17 and 18 for South Mack Drive water and sewer main extension design services.
