 Staff report

SUMMARY STATEMENT:

The City senior staff members and administration prepared a list of projects that they submitted to the Planning Commission for their consideration as the 2005 CIP Legislative Request List. The Legislative Request List is the basis for requests for funding the City will take to our legislators in Juneau each year.

Planning Commission's role in this review is to recommend a list of projects for consideration and final action by the City Council. The Planning Commission reviewed the list at their January 11, 2005 meeting. After consideration the Commission determined that since the legislative delegation does not require a prioritized list, they would follow the format developed in previous years. The Planning Commission CIP Legislative list is therefore submitted to you in descending order of the funding without a specific priority.

STAFF RECOMMENDED MOTION:

To approve Resolution 05-03, a 2005 Capital improvement Program Legislative Funding Requests as forwarded by the Planning Commission.
