Looking at the name of Design Review Subcommittee Sunset & Arts & Ad... we thought it would also include issues on the historical music venues on the Sunset Strip. However, again it's about billboards which of course is important. However we see that West Hollywood Gov does not see the Sunset Strip Music and entertainment scene as important at all. We've listened in on and participated in many meetings. Wish there was a subcommittee for the entertainment life on the Strip particularly dealing with the music attractions and music history. West Hollywood needs to protect its music history which brings on so many people from all over the world. Please embrace the Sunset Strip culture and not erase it.

Thank you

Roxann West Hollywood resident (before it was even a city.)
